

EAST ADAMS RURAL HEALTHCARE | RITZVILLE, WASHINGTON

Apollo Solutions Group partnered with East Adams Rural Healthcare to develop an Energy Savings Performance Contract (ESPC) that completely replaced the existing HVAC systems with new energy efficient HVAC and lighting systems that are code compliant.

The hospital's essential electrical system had been cited for not having the three branch circuits in place as well as not having an adequate emergency power system.

Apollo Solutions Group installed a new code-compliant essential electrical system as a part of the ESPC project. Apollo personnel helped the hospital and the Architect at community meetings to help the hospital pass a bond that enabled the entire hospital to undergo much needed modernizations and upgrades.

Project Summary

- Project Value \$4.5 Million
- 30% reduction of the hospital's annual energy consumption
- \$25,000 in annual O&M savings
- \$21,995 in utility incentives from Avista Utilities
- Replacement of the hospital's systems including:
 - New ventilation systems and DDC system
 - New boilers and hydronic system
 - New air-cooled chiller and distribution system
 - New code-compliant essential electrical system
 - New interior/exterior lighting system
